

THE AI REPORT

75+ PROMPTS TO MAKE YOU 500% MORE PRODUCTIVE AT WORK

■ EMAIL & COMMUNICATION

1. Rewrite this email to be concise, professional, and action-oriented. Remove filler words and ensure the ask is crystal clear: [paste email]
2. Draft a polite but firm follow-up email for a request I sent 5 days ago with no response. Keep it under 100 words: [context]
3. Summarize this email thread into 3 bullet points: what was decided, what's pending, and who owns each action item: [paste thread]
4. Write a diplomatic response to this difficult email without being defensive or agreeable to things I can't commit to: [paste email]
5. Turn these messy meeting notes into a clean recap email with decisions, action items, and owners: [paste notes]

■ WRITING & DOCUMENTS

6. Edit this paragraph for clarity and conciseness. Aim for a 7th-grade reading level without dumbing down the ideas: [paste text]
7. Write an executive summary for this document in 150 words or less. Lead with the key takeaway: [paste doc]
8. Turn this bullet-point outline into a polished first draft, maintaining a professional but conversational tone: [paste outline]
9. Proofread this for grammar, tone, and logical flow. Flag any inconsistencies or unclear passages: [paste text]
10. Rewrite this section to be more persuasive. Use concrete evidence and active voice: [paste text]

■ RESEARCH & ANALYSIS

11. Summarize the key arguments, evidence, and conclusions from this article in 5 bullet points: [paste article]
12. Compare and contrast these two options across cost, time, risk, and impact. Present as a table: [Option A] vs [Option B]
13. What are the 5 strongest counterarguments to this position? Be steelman — make each one as strong as possible: [position]
14. Analyze this data and identify the top 3 trends, 2 anomalies, and 1 key recommendation: [paste data]
15. Give me a structured SWOT analysis for this business idea or project: [describe idea]

■ MEETINGS & PRESENTATIONS

16. Create a tight 10-minute meeting agenda for a team of [X] to decide [goal]. Include time allocations per topic.
17. Turn this presentation outline into punchy slide titles and 3-bullet speaker notes per slide: [paste outline]
18. Write 5 sharp talking points I can use to persuade stakeholders on this proposal: [describe proposal]
19. Summarize this meeting transcript into key decisions, open questions, and next steps with owners: [paste

■ PLANNING & STRATEGY

21. Break this goal into a realistic 30-60-90 day plan with specific milestones and weekly actions: [state goal]
22. Identify the 3 biggest risks in this plan and suggest one mitigation strategy for each: [describe plan]
23. Help me prioritize this task list using the Eisenhower Matrix. Label each as urgent/important, etc.: [paste tasks]
24. Create a project kickoff checklist for a team launching [project]. Include stakeholders, tools, and success metrics.
25. What questions should I be asking before committing to this strategy? Be the critical thinker I'm not being: [strategy]

■ PROBLEM SOLVING

26. Walk me through a root cause analysis of this problem using the 5 Whys framework: [describe problem]
27. Generate 10 creative solutions to this problem — no filtering, just ideas. Then rank top 3 by feasibility: [problem]
28. I'm stuck on [problem]. Play devil's advocate and challenge my current approach. What am I missing?
29. Help me think through this decision using a simple decision matrix. Criteria: [list]. Options: [list].
30. What would a McKinsey consultant say is the real problem here, and how would they structure solving it? [situation]

■ DATA & REPORTING

31. Write a clear, jargon-free explanation of these metrics for a non-technical executive audience: [paste metrics]
32. Help me write a weekly status report for [project]. Format: Progress, Blockers, Next Steps. Raw update: [notes]
33. Identify the story this data is telling. What should a decision-maker take away from it? [paste data]
34. Turn these stats into 3 punchy insights a CEO would care about: [paste data]
35. Draft 5 questions I should ask to pressure-test this report before presenting to leadership: [describe report]

■ HR & MANAGEMENT

36. Write a performance review for an employee who excels at [strength] but needs to improve [area]. Keep it growth-oriented.
37. Draft a job description for a [role] at a [company type]. Focus on outcomes over tasks.
38. Help me write constructive feedback on this work sample — specific, kind, and actionable: [paste work sample]
39. Create 5 thoughtful interview questions that assess [competency] for a [role] position.

■ SALES & CLIENT WORK

41. Write a personalized cold outreach message to [prospect type] about [offer]. Under 100 words. No buzzwords.
42. Help me write a proposal for [project] for a client in [industry]. Include problem, solution, timeline, next steps.
43. Rewrite this sales pitch to focus on customer outcomes, not product features: [paste pitch]
44. Draft a response to this client objection: [paste objection]. Acknowledge, empathize, then redirect.
45. Write a professional check-in to a prospect I haven't heard from in 2 weeks. No pressure, just value.

■ PERSONAL PRODUCTIVITY

46. I have [X hours] today and these tasks: [paste list]. Help me build a focused daily schedule with buffer time.
47. Review this to-do list and tell me what I should delegate, defer, or delete entirely: [paste list]
48. Help me write a weekly review: wins, lessons, and top 3 priorities for next week. Brain dump: [paste notes]
49. I need to say no to this request professionally without damaging the relationship. Draft a response: [request]
50. Create a personal OKR for me this quarter based on this goal: [describe goal]

■ LEARNING & DEVELOPMENT

51. Explain [complex concept] to me like I'm smart but new to this field. Use one analogy and one real-world example.
52. Create a 2-week self-study plan to get up to speed on [topic]. Include resources, milestones, and daily time commitment.
53. What are the 10 most important things someone in [role] should understand about [topic]? Rank by importance.
54. Quiz me on [topic] with 5 progressively harder questions. After I answer each, give feedback and the correct answer.
55. Summarize the key lessons from [book/article] and tell me how to apply them to my work in [industry]: [describe]

■ CREATIVE & BRAINSTORMING

56. Give me 15 headline ideas for [topic]. Make half straightforward and half provocative.
57. Help me brainstorm 10 content angles about [topic] for [audience]. Be specific and original, no generic ideas.
58. I'm naming [product/project/team]. Suggest 10 names that are memorable, easy to say, and hint at [value].
59. Generate 5 different ways to open this piece — stat, story, question, bold claim, and analogy: [topic]
60. What's a fresh, unexpected angle on [common topic] that hasn't been overdone? Give me 5 options.

■ PROCESS & OPERATIONS

61. Document this process as a clear SOP with numbered steps, inputs, outputs, and owner: [describe process]
62. Identify inefficiencies in this workflow and suggest 3 improvements with estimated time savings: [describe workflow]
63. Create a simple checklist for [recurring task] so anyone on the team can execute it consistently.
64. Help me write a clear scope-of-work for this project: goals, deliverables, timeline, exclusions: [project]
65. Turn this messy process description into a clean step-by-step flowchart structure: [paste description]

■ FINANCE & BUSINESS

66. Explain these financial terms in plain language for a non-finance professional: [paste terms]
67. Help me build a simple business case for [initiative]. Include problem, solution, cost, expected ROI, and risks.
68. Review this budget breakdown and flag anything that looks off or could be optimized: [paste budget]
69. Summarize the financial implications of this decision in simple terms for a general audience: [describe decision]
70. Draft a request to leadership for budget approval for [project]. Lead with the ROI, then the ask: [describe project]

■ BONUS POWER PROMPTS

71. Act as a skeptical senior executive. Review this plan and give me your harshest, most honest feedback: [paste plan]
72. Give me the TL;DR of this document in exactly 3 sentences — no more: [paste document]
73. Rewrite this in half the words without losing any meaning: [paste text]
74. What's the one thing I'm overlooking in this situation that could come back to bite me? [describe situation]
75. Pretend you are my chief of staff. Given my goals [list goals] and constraints [list constraints], what should I focus on this week?
